**ERCCA invite you to come and
join our community
event to celebrate the impact
After school programs make to
our children**

Lights On After School is the only province wide event celebrating Afterschool programs and their role in keeping kids safe, inspiring them to learn and helping working families. The effort is becoming a symbol of the Afterschool movement and allows programs and communities celebrate annually.

We need your support to help shine a lights on the importance and effect of Afterschool programs with youth in our communities and to celebrate the positive partnerships with community stakeholders that help these programs thrive!

Afterschool programs have proven to be amazing neighbors within our communities, providing a safe place for youth during the critical hours before and after school and focusing on developing youth skills, responsibility and creating engaged citizens working to improve their community.
